**KEY:** \* = Amount less than 0.5 percent  
 EPA = Environmental Protection Agency  
 NASA = National Aeronautics & Space Administration

**NOTES:** Only the following 10 agencies are required to report to this section of the survey: the Departments of Agriculture, Commerce, Defense, Energy, Health and Human Services, Interior, and Transportation; the Environmental Protection Agency; the National Aeronautics and Space Administration; and the National Science Foundation. The obligations of the 10 major Research and Development (R&D) supporting agencies included in this table represent approximately 98 percent of total Federal R&D obligations in fiscal year 2001.

Geographic distribution of Department of Defense development funding to industry reflects only the location of prime contractors, not the numerous subcontractors who perform much of the research and development.
